[Once again, I have only received: 1. silence from agencies (prejudicially), and 2. another period of escalated Harassment from conspicuous, and Overzealous Mafioso and other colluding stalking with intent to emotionally distress and menace (as recurring pattern). This is noted! I, hereby, am forwarding action to U.S. OIG for your advisement in matter with its information to which you should be made privy. Also, find attached: redelivered copy of latter (my recent complaint of 04212021).

Dear U.S. OIG,

Under exigent circumstances, I have sent following by email to addresses (Police Dept. of Sacramento, its Internal Affairs Dept., Cleveland field office of F.B.I., which I am receiving parole evidence has maintained an illegal cage location maliciously against my person retaliatory its personnel terms a "Mission Critical" location accumulatively, etc... Do not neglect with excuse that this information concerns local jurisdictions in instruction of justice as typical, conveniently biased rationalizing with out -of- context exploitation. When fully reading, I assert probable cause that field offices are involved by illegal coordination, cooperation and COLLUSION nonjurisdictional in Conspiracy involving Accumulative Investigative Misconduct by Law! The Overriding Interest and my point of forwarding! Furthermore, parole-testimony evidence I am receiving (as explained by content at URL provided below, that I know you are aware of as also explained beyond all reasonable doubt, avers Brian Warner of Plain Two, OH is directly involved with this cage as obsessed interest in the basement of Cleveland field office as unfit agent per status as high-priest of unprotected Church of Satan with satanic enemies of my mine within my family in satanic conspiracy with their agendas as motives. Other aforesaid are certainly of affiliation in hierarchy, yet cryptically as Crypto-Occultists and some the feign Christian association as modus operandum. Pertinence should be self-explanatory as duty not to obstruct by neglect.

Dear personnel,

On Friday night (04092021), I reported, by phone, incident of conspiratorial gang-harassment by juveniles in collusion with others in Conspiracy to Commit various Crimes of Foul Play. Due to technical and procedural difficulties, I am attaching, hereto, an AV record concerning same subject for surety of deliverance. Difficulties aforesaid are Internal Affairs matters involving joindered acts over protracted train betraying... Self-explanatorily (To OIG: I have proof field offices are involved in

Misconduct per past assertions in numerous complaint reports.) Conspicuously, as joindered to said long train of abuses, acts of this complaint (rising to probable cause) were tactically reactionary to gang-harassment complaint and AV sent to one alleged to be Officer Santos on 04042021 (yes, I have bought pepper spray but am prudent and not a "Cho Mo" at all as a colluding Mexican gang member harassingly suggested during this incident (when I communicated only that I was upset that a "juvenile" vandalized my property cart -- his motive was to instigate and bait). There is subject-matter nexus obvious upon a review! (Guys... I'm really ticked after years!) Do refer AGAIN to full context at www.bboip.wordpress.com. AV record attached is catalogued within appropriately relevant playlists linked and for further causes as means in lieu of racketeering obstruction (also ensure visit of "About" page). Lastly, I desire to be informed (only by email) of name and contact information of the parents of the juvenile delinquents to: 1. initiate discipline of minors, and 2. For cause of action for restitution of damages caused by damage to my property cart and solar lamp in INTEREST of JUSTICE not enablement of sadistic sociopathy conversely!

Furthermore, it is relevant to mention continued escalation pattern; yesterday, I was prejudiced by mafioso management of hotel attached to Bernardo cafe on 28th St. for only utilizing toilet to defecate without cause as recurring modus operandum in same conspiracy (which, as I again communicated, has been cause of indigency). This act conspicuously was in collusion with a UCMJ infractor who, as recurring pattern continually, followed in after myself as surveillance Misconduct Overzealous and Malicious in Illegal, Unconstitutional War on my specific citizen-person in malice-intent to cause damages of denials of access and resources and severe reputation harm with a malicious complaint (he was last person in stall, and I am not mentally incompetent to behave consistent with false-accusations when this CONSTANTLY happens like a FOOL who is REDUNDANT with some psychotic obsessive fixation like these of the mass psychosis of the psychogenic hysterical epidemic which has been KNOWN as Looptank Effect Syndrome (and don't try to deny it)! [Specifically see: 201002LptnkMnfstPhnmna RstrmCmprsd https://youtu.be/RXvhc_EJ7tA.]

Okay, another last thing:

Still producing lengthy Internal Affairs complaint and to deliver to federal law enforcement directors while experiencing incessant malicious intrusion interfering to disrupt and delay of my IT devices (as I communicated in person on 4th). Curiously, harassments reported are too; I am not naive concerning plots of organized crime saturation to misuse informants premeditatedly! So, I have no time during this overburden, and with a plethora of related cases and other life matters and purposes to be disrupted as Abuse of Procedure with, therefore, any contacts except for A reasonable email. You can use AV and other evidentiary discovery responsibly made available (and for causes in our severe conflict of interest) and restrain yourselves from any I WILL consider Retaliatory Malice criminally!

P.S.: Now, malicious interference is obstructing function on Gmail to attach; Here is link to AV Record (which can be downloaded by Tubemate Video Downloader by a search engine search (For duty to investigate responsibility) for an installation file for
